

# Misawa Exchange

Welcome to the Misawa Exchange, serving the military community in Northern Japan with a full range of goods and services for everyone. Whether you are just arriving, have been here for a while, or are just passing through – you'll have lots to choose from in our facilities.

We take great pride in offering the very best in brands and prices on everything from the basics found in our retail stores to the great variety offered in our many food facilities. The main store is a state-of-the-art facility of more than 30,000 square feet and a large indoor mall with atriums and a large assortment of concessionaires.

We have a broad stock assortment that includes clothing for the entire family, everything you might need for your home, and a large PowerZone with the finest in electronics, CDs, and computer software. You'll find the Outdoor Living area and Toyland in our main Base Exchange as well.

Take a break and enjoy an excellent meal at one of the fine food facilities. Choose from a wide variety of AAFES in-house concepts including the world-famous Baskin Robbins and Pretzelmania. If you like Mexican dishes, try Taco Bell, or treat yourself to a healthy sandwich from our Robin Hood facility.

How about one of the "World's Greatest Anthony's Pizzas?" We offer home delivery service. Two of our most popular restaurants

are Burger King and Popeye's. Both offer great eating at reasonable prices, and if you're in a hurry, both provide drive-thru pick-up service, too.

Being stationed in the Pacific Region is probably a unique cultural encounter for most of us. It also presents some great shopping opportunities. Like the concessions at the Misawa Exchange. These concessionaires – we have more than 20 of them – are primarily local companies who bring a fascinating array of goods and services to our base, from Rosewood and Korean furniture to Korean and Japanese giftware, car rental, one-hour photo finishing, Internet access, and new car sales. Or try our roving vendors from all over the Orient, where you'll find substantial savings compared to local economy prices, often sweetened by coupon discounts from AAFES.

Don't worry about furniture while you're stationed here. We have a large store with a variety of fine furniture at our Furniture Mart – products from some of the best manufacturers in the United States. We carry major home appliances and microwaves, rugs, lamps, computer desks and audio cabinets.

With a varied military community, our Military Clothing Sales Store offers a wide selection for the different Services. We stock a full line of Air Force items and a big assortment for the Navy. For other requirements, we have a special request program. Many Army and Marine items can be ordered.
